

THE POP CHICKS

BAND MEMERS' BIOS

The Pop Chicks, comprised of 3 female vocalists & 3 musicians, has a loyal following & brings audiences to their feet! Each of The Pop Chicks, Kathy Farmer, Linda Andersen, & Darcy Cooke, are classically trained with their own individually successful music careers, but these 3 powerhouse singers have combined their love of a great party, pop music, & enduring friendship to create The Pop Chicks!

Linda Andersen enjoys singing jazz standards, country classics, & a bit of pop added to the mix. Her clear voice & vibrant performance technique brings a bit of fun & a touch of class to any event.

Linda sings regularly with 3 groups: "Linda Andersen and Friends", a 6-piece jazz band made up from the DC area's finest musicians playing a fun mix of jazz standards & pop favorites; the "Loudoun Jazz Ensemble", an 18-piece big band performing in some wonderful venues & DC landmarks; & the "The Pop Chicks", a pop music band performing songs of the great female musicians from the 1960's to today!

Darcy Cooke's strong, clear voice exudes warmth & a depth of emotion that draws in & thrills her audiences. With an impressive range of styles & a fresh approach to repertoire, she easily moves from sultry ballads & soulful blues to classic jazz standards & high energy Broadway & pop.

With a love of singing & a background in theater, Darcy is a master of song interpretation & an engaging storyteller who effortlessly guides & charms audiences through an evening of pure entertainment! Darcy's debut album, "Careless Love", was released to critical acclaim & is available on all major streaming platforms.

Kathy Farmer has been performing from the day she was born! With a passion for jazz & a wide-ranging repertoire, she sings tunes from the golden age of jazz to the pop era. She is part of the singing trio, The Pop Chicks, & also sings with the band, Accidental Red, & the Bob Smith Trio.

Kathy's stylistic approach is influenced by some of the jazz greats, including Ella Fitzgerald, Sarah Vaughn, & Anita O'Day. Plus, there are the women of pop--like Whitney Houston, Dusty Springfield, Carole King, & so many more! Her beautiful voice, expressiveness, jazz sensibility, engaging personality, & ability to connect with her audience make her a standout!
